

TRUSTS SEEM TO HAVE STRONG HOLD ON PEOPLE.

THE SOLID SOUTH IS

Broken by Vote of Missouri Which Goes to Roosevelt.

Last Night's Surprise Has

Been Turned to Amazement In Even the Most Enthusiastic Republican Quarters. Popular Vote for Roosevelt Will Be Greatest In History for Any Candidate.

NEW YORK, NOV. 9.—NOT ONLY ARE THE MAJORITIES GIVEN THE REPUBLICAN NATIONAL TICKET IN YESTERDAY'S BALLOTING CONFIRMED BY THE MORE COMPLETE FIGURES, BUT THE CLAIM IS MADE THAT THE ONCE SOLID SOUTH HAS BEEN BROKEN AND MISSOURI HAS GONE REPUBLICAN. WITH EVERY FORMER DOUBTFUL STATE ADMITTEDLY IN THE ROOSEVELT COLUMN, WITH MAJORITIES IN SOME STATES IN EXCESS OF THOSE GIVEN McKinley FOUR YEARS AGO AND IN SOME INSTANCES EVEN GREATER THAN THOSE OF 1896. CAPPED BY THE POSSIBILITY THAT THE HITHERTO INVINCIBLE AND HISTORICALLY DEMOCRATIC SOUTH HAS BEEN INVADGED, LAST NIGHT'S SURPRISE HAS BEEN TURNED TO AMAZEMENT EVEN IN THE MOST ENTHUSIASTIC REPUBLICAN QUARTERS.

WHEN AT A LATE HOUR LAST NIGHT IT WAS REPORTED THAT MISSOURI WAS IN DOUBT AND SOME OF THE REPUBLICAN MANAGERS WERE ADMITTING THAT THEY HAD HOPES OF SUCCESS, IT WAS HARDLY CREDITED BY THE MAJORITY OF THE REPUBLICANS AND WAS LAUGHED AT BY DEMOCRATS. BUT LATE RETURNS SEEM TO INDICATE THAT THESE CLAIMS MAY BE WELL FOUNDED AND IN THE ABSENCE OF FULL AND COMPLETED FIGURES, THE ASSERTION THAT THE STATE HAS FORSAKEN ITS DEMOCRATIC ALLIANCES ON NATIONAL ISSUES IS COMING TO BE ACCEPTED AS A PROBABILITY. SHOULD THE

OFFICIAL COUNT BEAR OUT THE REPUBLICAN CLAIM OF TODAY MR. ROOSEVELT'S VOTE IN THE ELECTORAL COLLEGE WILL BE 343, A PLURALITY OF 210.

MARYLAND WHICH WAS CONCEDED TO THE DEMOCRATS BY CONSERVATIVE REPUBLICANS, HAS GONE REPUBLICAN BY A SMALL MAJORITY. BUT ENOUGH TO SAFELY PLACE IT IN THE VICTORIOUS COLUMN. COLORADO IS STILL CLAIMED BY BOTH PARTIES.

BEGINNING WITH THE TREMENDOUS MAJORITY OF 400,000 IN PENNSYLVANIA THE REPUBLICAN PLURALITIES ARE DECISIVE IN NEARLY EVERY STATE CARRIED FOR THEIR TICKET AND IT SEEMS PROBABLE THAT ROOSEVELT HAS RECEIVED THE GREATEST POPULAR VOTE EVER GIVEN A PRESIDENTIAL CANDIDATE. RETURNS THUS FAR RECEIVED INDICATE THAT HE WILL RECEIVE A POPULAR PLURALITY OF SLIGHTLY OVER 1,300,000 AGAINST 849,790 FOR McKINLEY OVER BRYAN.

THE SENTIMENT WHICH SWEEPED THE REPUBLICAN CANDIDATE INTO OFFICE WILL BE REFLECTED IN THE NEXT HOUSE OF REPRESENTATIVES. FROM FIGURES OBTAINED BY THE ASSOCIATED PRESS THE REPUBLICANS HAVE ELECTED 233 REPRESENTATIVES AND THE DEMOCRATS 141. THE TWELVE REMAINING DISTRICTS YET TO BE HEARD FROM BEING NOW EQUALLY DIVIDED BETWEEN THE TWO PARTIES. THE REPUBLICAN MAJORITY IN THE NEXT HOUSE WILL THEREFORE BE AT LEAST 92.

hold their own in the senate, where the preponderance of retiring republicans was great. Both these results seemed to have been accomplished. If the republicans have carried the Montana legislature, as they seem without question to have done, they will elect republican to succeed Senator Gibson and thus cancel the election of Rayner, a democrat, to succeed McComas, republican, from Maryland. The returns of the forenoon also indicate the election of republican legislatures in the states of Nebraska, Washington, Connecticut, Delaware, Utah, Wisconsin, West Virginia and Nevada, with the possible addition of Missouri. If the complete should support these conclusions the present republican majority of 24 in the senate will be increased to 26. The situation at least warrants the statement that the present large republican excess in that body will be maintained. Much personal concern is expressed over the possible defeat of Senator Cockrell who has been in the senate so long that Washington regards him as practically one of her residents. He came to the senate in 1877 and, next to Senator Allison, holds the record for the longest continuous senatorial service. The result with reference to the senate is considered as going far toward insuring a republican senate for a long time in the future.

Republicans are claiming that the complete returns will give them control of the house by not less than 50 votes, and the tendency of the vote in the close districts appears to justify this calculation. This is more than double the present majority and is more than the boldest of them claim prior to the election.

SEEING THAT PLOUGHING WAS DONE PROPERLY.

Esopus, N. Y., Nov. 9.—An hour after Judge Parker arose today he was out on his farm seeing that the ploughing was properly done. Later he went for a horse back ride.

GERMANY SATISFIED.

Brelin, ov. 9.—Government circles regard President Roosevelt's election with satisfaction, as it means a continuance of present policies toward Germany.

BRYAN WILL TAKE STEPS

Immediately To Put into Force the Reorganization He Promised Before Election.

Lincoln, Neb., Nov. 9.—Wm. J. Bryan today said that he would meet Wm. Randolph Hearst and Thomas E. Wilson in New York a week from now for the purpose of taking steps toward the organization of a new party. The statement that he would go to New York for such a purpose was made by Malvin G. Paliser, manager of Watson's campaign. Mr. Bryan has some reorganization plans but he intends to stand sponsor for them himself.

JAPANESE HURLING SHELLS.

Tokio, Nov. 9.—4 p. m.—It is reported that the Japanese have completely silenced the forts on Rihling and Susung Mountains and that their main strength is now attacking Elso mountain.

Chefoo, Nov. 9.—12:30 p. m.—The Japanese continue to bombard Port Arthur and the shells are falling so incessantly that the Russians have practically abandoned their repair works protecting the harbor.

Citizen volunteers and the police are now re-inforcing the garrisons of the fortress according to the stories of Chinese arriving here, sixty of whom left Port Arthur on November 8, owing to the high price of food.

ANSBERRY DEFEATED.

Massachusetts Will Have Democratic Executive for First Time Since '92.

Douglass Already Being Boomed for President Because of His Sprinting Ability and His Tariff for Revenue Views.

Boston, Nov. 9.—The defeat of Governor Jno. L. Bates for a third term by Wm. L. Douglas, the democratic candidate and the tremendous vote cast throughout the state, were the noteworthy features of yesterday's election in Massachusetts. Mr. Douglas will be the first democratic governor elected since 1892. With one ward and one small town missing, the vote for president was as follows:

Roosevelt 267,468; Parker 168,417. Roosevelt's plurality 89,051. The vote for governor with the same margins missing, was as follows:

Douglas 235,457; Bates 198,798; Douglas' plurality 36,659.

Notwithstanding the defeat of the party candidate for governor the republicans gained four congressmen, two senators, and several members of the house and probably elected the balance of the state ticket including Lieutenant Governor Curtis Guild, Jr. The new congressional delegation will state eleven republicans and 3 democrats.

For the first time in several years there will be no socialists in the legislature.

HURIN ELECTED.

Findlay, O., Nov. 9.—Unofficial returns indicate that Hurin has defeated Kinder for circuit judge by 4,500.

MAJORITY OF HUNDRED.

Chicago, Nov. 9.—Dispatches to the Associated Press up to half past nine o'clock this morning show that the republicans have elected 230 congressmen and democrats 138. Of the remaining 18 districts, 7 are now represented by republicans and 11 by democrats. It is possible that the republicans will have a majority of about an even hundred in the next house of representatives.

MISSOURI HAS JOINED

In the Chorus, and Folk's Election As Governor Is Much in Doubt.

St. Louis, Nov. 9.—Slow progress has been made toward an accurate count of Missouri's vote but partial returns up to 11 o'clock showed remarkable republican gains in St. Louis and almost throughout the state. In many counties the usual democratic plurality was cut in half. The Post Dispatch (Ind. Dem.) at 11 a. m. inclined largely toward the conviction that Roosevelt had carried Missouri and the republican state committee insisted that final figures would show a republican majority of 20,000 on the national ticket.

The Joseph W. Folk, democrat, has carried the state for governor, was the claim made generally but figures on the state result were lacking.

Complete returns from the state are in. However, indications are that the legislature will be republican by two or three votes on a joint ballot. The legislature will elect a successor to United States Senator F. M. Cockrell. The prosecution and weeding of hoodlums and hooding brought to light under democratic administration is believed to have helped in a great part in floating a republican wave over Missouri. This practically is born out by the fact that Folk wins despite the republican vote and Folk in the capacity of circuit attorney, zealously prosecuted hoodlums.

ONE RESULT.

St. Louis, Mo., Nov. 9.—A special to the Post Dispatch from Sterling, Illinois, says:

"Wm. Mayer, of Mount Carroll, lost his home by betting on Parker and committed suicide today by hanging."

RETURNS SHOW THAT

Roosevelt Will Have 325 Votes In the Electoral College.

Figures From a Few States

Are Anxiously Awaited. Indications Are That Next House of Representatives Will Have Republican Majority of Eighty. Parker Ran Behind Bryan's 1900 Vote.

NEW YORK, NOV. 9.—PRESIDENT ROOSEVELT PROBABLY WILL HAVE 325 ELECTORAL VOTES AS THE RESULT OF YESTERDAY'S BALLOTING. LATE UNOFFICIAL RETURNS GIVE A BASIS FOR THIS ESTIMATE WHICH, HOWEVER, MAY BE INCREASED BY 18 VOTES FROM MISSOURI WHEN THE RETURNS FROM THAT STATE HAVE BEEN COMPLETED, OR ON THE OTHER HAND MAY BE DECREASED BY SEVEN VOTES WHEN THE COUNT IS COMPLETED IN WEST VIRGINIA.

BOTH SIDES CLAIM A VICTORY IN MISSOURI WHERE THE REPUBLICAN STATE COMMITTEE BELIEVE THEY HAVE ELECTED WALDRIDGE FOR GOVERNOR BY 3,000 TO 4,000 AND HAVE CARRIED THE STATE AS WELL FOR ROOSEVELT.

IN WEST VIRGINIA, THE RETURNS HAVE COME IN VERY SLOWLY, BUT A REPUBLICAN VICTORY IS INDICATED.

A TABULATED STATEMENT OF THE INDICATED RESULTS IS AS FOLLOWS:

THE RETURNS FROM MISSOURI, ALABAMA AND WEST VIRGINIA ARE AWAITED WITH GREAT INTEREST. THE FIRST IS CLAIMED BY BOTH SIDES THOUGH IT IS GENERALLY CON-

CEDED THAT FOLK WAS ELECTED GOVERNOR BY THE DEMOCRATS. RETURNS FROM MINNESOTA INDICATES THE ELECTION OF THE DEMOCRATIC CANDIDATE FOR GOVERNOR, JOHNSON, WHO RAN ESPECIALLY WELL IN THE SCANDINAVIAN COUNTIES. HIS SUCCESS, HOWEVER, HAD NO EFFECT ON THE NATIONAL TICKET WHICH WENT TO ROOSEVELT BY AT LEAST 100,000. SOME OF THE REPUBLICAN NEWSPAPERS STILL CLAIM THAT THE STATE WAS NOT LOST TO THEIR CANDIDATE, DUNN.

IN WISCONSIN WHILE THE REPUBLICAN NATIONAL TICKET WENT THROUGH BY A HEAVY MAJORITY IT IS THOUGHT THAT THE LEGISLATURE WILL BE SO DIVIDED BETWEEN THE REPUBLICAN FACTIONS THAT A DEADLOCK MAY OCCUR OVER THE CHOICE OF A SUCCESSOR TO SENATOR QUARLES.

COMPLETE FIGURES ARE LACKING FROM IOWA BUT THOSE AT HAND INDICATE THE SUCCESS OF THE ENTIRE REPUBLICAN STATE TICKET. WHILE COLORADO PROBABLY GAVE ROOSEVELT 10,000 PLURALITY, THE RESULT AS TO THE STATE TICKET IS IN DOUBT. SCRATCHED BALLOTS WERE CAST TO THE NUMBER OF AT LEAST 40,000 AND THE COUNTING WAS VERY SLOW. ON THE PACIFIC COAST REPUBLICAN SUCCESS WAS GENERAL. IN CALIFORNIA WHERE ROOSEVELT'S MAJORITY WILL BE AT LEAST 50,000, THE NEXT LEGISLATURE WILL BE REPUBLICAN BY A LARGE MAJORITY. IT WILL SELECT A SUCCESSOR TO SENATOR BARD.

REPORTS FROM NEBRASKA ARE INCOMPLETE AS TO THE STATE TICKET AND THE ELECTION OF BERG IS CLAIMED BY THE DEMOCRATIC COMMITTEE. A FEATURE OF THE RETURNS FROM MISSOURI IS THE PROBABLE DEFEAT OF REPRESENTATIVE COWHEAD. INDICATIONS ARE THAT THE NEXT HOUSE OF REPRESENTATIVES WILL BE HEAVILY REPUBLICAN. DESPATCHES SO FAR RECEIVED SHOW THAT 202 CONGRESSMEN HAVE BEEN ELECTED BY THE REPUBLICANS AGAINST 128 BY THE DEMOCRATS. OF THE 45 REMAINING DISTRICTS, 32 ARE NOW REPRESENTED BY REPUBLICANS AND 13 BY DEMOCRATS.

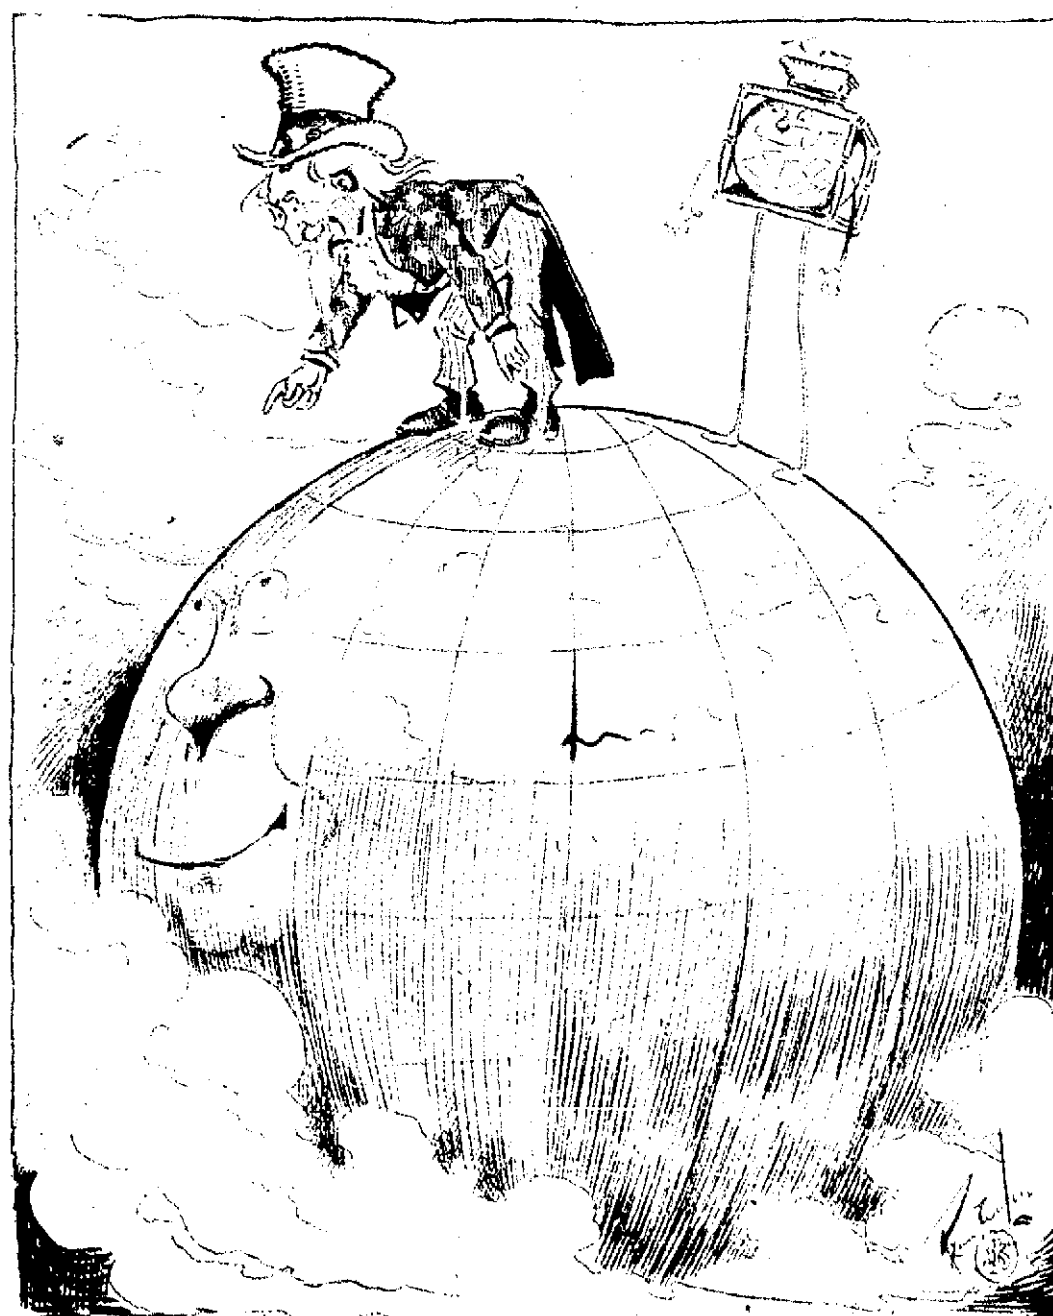

PARKER

Sends Congratulations To Roosevelt On His Election.

Esopus, N. Y., Nov. 9.—Judge Parker conceded the election of the president at 8:30 p. m. He appeared to be not at all downcast by the result, although it is known that he greatly deplored his overwhelming defeat in his own state. He received the discouraging news in his study, where he sat smoking with two of his neighbors. The bulletin from democratic headquarters conceding Judge Parker's defeat was given to the judge by the Associated Press representative. When asked if he had any statement to make he pulled a telegraph blank toward him and wrote hastily for a moment, then he said:

"I am going to send this telegram"

Uncle Sam—You can turn on, Mr. Earth, election's over.

WHAT

It Costs to Conduct Campaigns.

Millions Are

Spent by Both the Old Parties.

In New York Alone Republicans Disbursed a Full Million of Dollars.

Much Money Was Used in Establishing Organizations in States That Had Been Neglected by Both Parties.

Conservative estimates of the total cost to both great parties of the political campaign of 1904, says a New York dispatch, place the amount at \$22,500,000. Of this sum the republican national committee will have spent about \$2,000,000 and the democratic national committee approximately \$2,000,000. The state committees will have spent the difference between the total of these sums and the grand total.

The record of campaign finance shows that the combined state committees usually spent \$1 to every \$1 expended by the national committee. This year, because of the stiff fight waged in several states, the proportion will be increased to about 4 to 1.

To the grand total might be added a large sum spent by candidates who have paid their own expenses during tours of the state and country.

Where the Money Goes.

Much of the democratic committee's money has been used in establishing organizations in states which had been largely neglected in former campaigns and to meet republican aggressiveness in Indiana and states in the far west. To Indiana alone the democratic national committee sent upward of \$300,000. The state committee added a generous sum to this amount, all of which Mr. Taggart has used to get out his vote.

The republican national committee has sent hundreds of thousands of dollars into the up-state counties of New York, and Governor Odell spent in the neighborhood of \$250,000 perfecting his organization in New York City and arranging his card index of voters.

Into West Virginia money has poured from both national headquarters and from the state headquarters as well. A golden stream has flowed into Connecticut, New Jersey, Wisconsin, Rhode Island and the mountain states from both republican and democratic sources. Accurate details of the expenditures cannot of course be obtained, but neither party denies that it has expended hundreds of thousands of dollars in all the doubtful states.

Fight in Empire State.

The New York democratic committee, in its effort to perfect an organization in this state, spent the bulk of its money and obtained a generous contribution from the national committee. Realizing that the party lacked a machine of any kind in many parts of the state, William S. Rodie of the bureau of organization set about building up

An Easy Time For Mothers.

Zoa Phora Relieves All Pain and Suffering and Makes the Road for Mothers Smooth.

Trial Bottle Free to Every Woman.

The freedom and relief from pain and suffering that Zoa Phora has brought to women during childbirth alone is enough to render it the greatest blessing of the age to women. In addition to this it cures all irregularities of the system, displacements, suppressed and painful periods, leucorrhoea, piles, kidney, bladder and liver troubles and regulates the change of life. Zoa Phora makes the change from maidenhood to womanhood safe and easy and is a matchless remedy for young girls during their critical period of their lives.

The women of America endorse and praise Zoa Phora. All women can secure perfect health and happiness who will use Zoa Phora. All who have used it are now rejoicing in these blessings as their words of praise and gratitude prove. The following letter is only one of thousands which we receive:

Mrs. C. H. Clark, Box 366, Lake View, Mich., says: "I wish to say a few words of praise for Zoa Phora, as it is certainly the best medicine I have ever used for women's troubles. I have suffered with leucorrhoea for seven years, and I also felt much inconvenience from when I was a girl. I had a six months' trial, which nearly caused death, and ever since I have been well."

Last Christmas one of Dr. Penzly's books, "Advice to Women," came within my reach, and so highly recommended Zoa Phora, that I decided to try a bottle, and have found the very best of results. February 20 I gave birth to a little girl, and she is strong and robust, and I am in the best of health I have had for over seven years. All from the use of Zoa Phora. I will say anyone who is troubled in like manner or expecting confinement should take Zoa Phora, and it will certainly be of great benefit to them. I know it makes childbirth much easier than without it."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated booklet, "Advice to Women." The doctor will give you the best advice when needed. Zoa Phora is for sale at \$1.00 a bottle by H. F. Vorkamp.

BOILS AND ERUPTIONS

Have been suffering from Impure Blood for many years, having boils and other eruptions. Having heard of S. S. S. I decided to try it, and am glad to say that it has done me a great deal of good. I intend to continue to use it, as I believe it to be the best Blood Medicine on the market. Cleveland, Tenn. W. K. DENTON.

For over fifteen years I have suffered more or less from impure blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all boils disappeared and I have not been troubled any since. Geo. G. FERTIG, 114 W. Jefferson St., Louisville, Ky.

Newark, Ohio, May 21, 1903. From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty in number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine needed in my case. It drove out all impurities and had blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease. Mrs. J. D. an organization that would be useful. Mr. Rodie discovered that this work would necessitate an enormous expense, greater than the committee could ordinarily afford. It was decided to continue the work, however, and the amount of money used has been estimated at from \$400,000 to \$500,000.

Careful estimates place the total sum spent by the republican party in this state between \$800,000 and \$1,000,000.

In New Jersey and Connecticut the managers of the democratic campaign discovered an almost utter lack of organization and enormous sums were sent into those places to build up a machine.

In West Virginia the bulk of the democratic campaign expense has been borne by the state committee. Indiana was about the only state which was thoroughly organized. It has been estimated that the two national committees this year have disbursed \$700,000 to campaign orators for salaries and expenses.

Printing Bill Large.

The printing bills have footed up more than \$100,000. The bare cost of maintaining headquarters is some \$1,000 to \$2,000 a week, exclusive of salaries paid to heads of departments and their assistants.

Costly though it has been, the campaign of 1901 will not break the record. The expenditures in 1900 were about equal in amount to those of this year, and in 1896 the fund of the republican national committee, of which Senator Hanna was chairman, was approximately \$5,000,000, or more than the sum used this year by both national committees. It was during the campaign of 1896 that the republican party conducted its so-called "campaign of education," which cost a fabulous sum.

Statistics collected by a magazine and printed four years ago showed the total expense of the national committees in the campaign of 1894 to have been only \$200,000. In 1872 this sum rose to \$500,000, in 1884 to \$1,500,000 and in 1892 to \$2,000,000.

FREAK BETS.

(From the New Bedford Standard.) The season of freak bets on the presidential election has begun. A Parker man in Brooklyn, in case of Parker's defeat, will roll a penny across the Brooklyn bridge. But that will be nothing compared with the amusement which his opponent will offer should Roosevelt be beaten. He has agreed to shave only one side of his face for one month. Another equally absurd bet is that of a democrat of Harlem who agrees in case of Parker's defeat to walk barefoot on his hands and knees from Forty-second to Thirty-fourth street on Broadway, with his opponent seated on his back. The Roosevelt man has promised to sing once a week with the Salvation Army for a period of one year in case his candidate should be defeated.

WHY SKY SCRAPERS WITHSTAND THE WIND.

Possibly no person unaccustomed to such an experience ever stood on the roof of a 20-story building when a great wind was blowing without a tremor of the nerves, and at least an imaginary sense of swaying in the huge structure beneath his feet. There is such swaying, and it has been measured with great exactness. But it turns out to be far less than imagined.

Careful observations to determine the amount of oscillation of all buildings in a high wind were made in Chicago, a few years ago, during a tempest, in which the velocity of the wind reached 50 miles an hour. The Monadnock building, 200 feet in height and unprotected in its upper part by neighboring offices, swayed only one-quarter of an inch from the perpendicular.

But it should not be inferred from this that no special effort is needed to secure a lofty building from the effects of the wind. On the contrary, the slight degree of oscillation mentioned above was due to the fact that the engineer-architect had calculated beforehand at atmospheric forces that his building would have to resist, and had provided against them by means of a system of "wind-bracing."

This is one of the niceties in the modern art and science of building. Experiments and mathematical calculations, of which the general public can have little idea, have determined the pressure exerted against lofty structures by winds of various velocities, and also the best methods of enabling the buildings to withstand these pressures. When a building 200 feet tall sways only a quarter of

MIND DESIGNATED AS MUSCLES ALLEY.

"Menti-physical culture," a new theory of gymnast science, was introduced into the classes of the Woman's Athletic club Monday morning, says the Chicago Record-Herald. Upon the gymnasium floor of the clubhouse at 150 Michigan avenue two groups of young women, prettily dressed in dark blue costumes, went through the first exercises of the system under the direction of Dr. Hugo Pruessing.

When the first class of feminine followers of Greek ideal took their places upon the floor at 10 o'clock, Dr. Pruessing explained to them the fundamental principles of the new method, among other explanatory comments in the intervals between the exercises.

Mind as Muscles' Ally.

"The idea is to place the mind and the voluntary muscles in harmony," he remarked. "It is not so much a matter of exercise as of understanding."

Then after he had led the class through some slow, graceful exercises for the arms and legs, piano music marking the rhythms, he said: "Whenever you are tired, stop at once. Fatigue is the symptom that

SKIN TORTURES

Thousands of wretched people are miserable—driven almost mad by the terrible itching and burning sensation of Eczema and other skin diseases. Many imagine they are suffering from bad blood, when as a matter of fact the blood has nothing to do with it. These awful tortures are caused by little germs that attack the skin externally, which can be rooted out in a hurry, leaving the skin clear, soft and healthy, such misery now cleared away as much as the sun shines away. Not merely attended, not a matter of improvement merely, not a temporary relief—but a clearing of it all away absolutely and permanently.

THE D. D. D. PRESCRIPTION

A specific formula, put up in sealed bottles with authentic label, has proven to be the only certain cure for these diseases. Its record of cures is astonishing, amazing, almost miraculous. It is a liquid, used externally, non-greasy.

Cleansed within one month.

For a number of years my husband has been suffering with a terrible case of eczema. He had doctored with the best skin specialists in the city, but they could not cure him. I was told by a friend of the D. D. D. treatment and began using it at once. The first few applications caused the itching, and in a month's time his flesh was as clear as could be.

TOO MANY CART WHEELS.

(From the Boston Globe.) The government now has on hand about 492,000,000 silver dollars that nobody wants to carry around, and that consequently requires 115,500 cubic feet of space for storage in the various vaults of the treasury. Now the officials are said to be undecided as to whether they melt these cart wheels for subsidiary coinage or to buy new silver for that purpose. On this question Mr. Bryan doubtless has some definite ideas.

FAVOR LIMITED LIMITATIONS.

(From the Louisville Herald.) ITTIED Europeans take a calm and judicial view of the limited marriage question. They have no objection to a life limitation, so far as the American woman herself is concerned, but will hear of nothing save an indissoluble binding the husband to his wife's money.

ANXIOUS MOMENTS.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the grip. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. This morning Bennett's ambulance was called to the stave factory on Tanner avenue, to remove a young man, Frank Bennett, to the city hospital. Bennett is an employee of the City Transfer company, and was delivering lumber for a large tank being constructed on the stave factory grounds, when a piece of timber fell from the tank, striking a glancing blow on the head, rendering him unconscious and breaking his nose.

Mr. Bennett is very unfortunate, it seems, as he had just recovered from a fracture of his left leg, which disabled him for about 12 weeks. He has only been at work three days, and starting in on the fourth when misfortune overtook him again this morning.

Petition in Bankruptcy.
Yesterday, Fred Rowland, of Alger, well known in this part of the city, went to Kenton, and filed a petition in bankruptcy, stating that he owed \$16,000 and that his possible assets were \$12,000, which consist of two farms near Chillicothe, and his home-stand at Alger.

Ladies Are Hustling.
An addition will soon be built to Grace church. The Ladies Aid Society have asked permission to construct an 18x20 foot room on the northeast corner of the church edifice. The Sunday school has grown to such an extent that the room is actually needed, and too, the Ladies Aid need a room for their meeting place.

Great Feast and Fun.
Last evening Mrs. Minnie Heffner, of south Union street, entertained about fifteen sister Lady Maccabees at her home, and the affair is reported to have been one of the most enjoyable of the season.

A fine supper was spread for the guests, a musical program carried out, and a peanut hunt indulged in that could not be beaten, as a mirth provoker. Miss Lilla Hammond ably sang two very fine solos, for which these present give her great credit. In the peanut hunt, Mrs. Burgeon captured the first prize, while the booty went to Miss Nellie Moran.

THE IDLER.

The coming engagement of "Eben Holden," with Henry Horton in the title-role, at the Faurot opera house tonight has already aroused much interest among the theatre-goers of this city. Speaking of the play the critic of the New York Sun said: "It is full of fun, and its little love story is handled so prettily that the piece is scoring a success. Edward E. Rose certainly succeeded in making Eben Holden a very real and interesting character."

Herriek & Eldridge have engaged a very strong supporting company, and have made an entire new production for this season.

In the selection of a theme for his story, Mr. Hall has hit upon a rather unique idea in working out his plot. A young man and woman are secretly married. Three weeks after the wedding two villains appear, one of whom is madly infatuated with the young woman, and the other, a rascally lawyer, who makes it appear that the newly married couple are brother and sister. Then follows three years of suffering for the young people before the scheming of the rascals is revealed and the tangle is straightened out. In this odd plot there is suggestion in abundance for action, and Mr. Hall has taken advantage of every opportunity in writing "The Waifs' Paradise." Will be seen at the Faurot opera house tomorrow night.

New York, Nov. 9.—Opening prices in the stock market leaped upwards with great buoyancy and blocks of 1,000 to 20,000 shares of individual stocks were bought simultaneously on running sales. The latter figure represented the takings of each of the U. S. Steel stocks which advanced an extreme 1%. The Industrials led the advance, showing gains of 1 to 2% among most of the most important leaders. The railroad stocks rose 1 to 1 1/4 the extreme advance for Southern Pacific.

The scene on the stock exchange at the opening of the market was highly exciting. The attendance of brokers was unusually large. The crowd was greatest along the U. S. Steel quotation posts where the most activity prevailed during the early business. Western houses particularly and out of town houses generally contributed to the heavy volume of the early trading. Practically every warehouse of importance had lots of buying orders and there was almost a flood of orders to sell and while these showed the effects of heavy realizing by feverishness the undertone continued strong. As an illustration of the morning's operations a permanent commission house was reported to have orders to purchase sixty thousand shares of stock and sell 50,000 shares. It was the opinion of many brokers that the market has discounted business and that a slight reaction was now due. In banking circles the result of the election seems to be accepted as a matter of course. The visitors gallery of the stock exchange was densely crowded during the first hour of the market.

Women composed a large proportion of the onlookers. The heavy trading in Reading and Southern Pacific was attributed to pool operations.

London was variously reported to have purchased from 50,000 to 50,000 shares on balance in this market. In the second hour of the market about 60,000 shares changed hands, making a total for the morning's session of 1,100,000 shares. Bond sales for the session were about 5,200,000.

New York, Nov. 9.—The large orders executed in the opening stock market today caused a commotion in the price movements, advancing strongly throughout the list. The Industrials were most notably affected. The extreme advance in the railroads was 1 1/4 in Southern Pacific and a number of the prominent issues gained the point. The U. S. Steel stocks were the features, 20,000 shares of each selling on running quotations which varied a half with an extreme advance over Monday's closing of 1% for each stock. Tennessee Coal jumped 2 1/2 on a thousand share lot and Amalgamated Copper rose 1 1/2 in the sale of 2,000 shares. The New American Tobacco preferred advanced 3/4 and there were very heavy dealings in Sugar and Locomotive. Of the most active railroad stocks there were 7,000 shares of Rock Island and Union Pacific on opening sales 6,000 shares of Pennsylvania and Erie and 5,000 shares of Southern Pacific and Chicago Great Western.

ORIGIN OF A PHRASE.

"Getting into a scrape" Comes in From the Game of Golf.

Not till quite recently has the true explanation of the phrase, "getting into a scrape," been popularly known. It has long puzzled dictionary makers, one suggesting that it is a corruption of escape, another connecting it with a Swedish word skrap, to draw into difficulties.

Golf, the royal and ancient game at one time peculiar to Scotland, has of late become such a worldwide amusement that the mystery of this phrase has practically disappeared. In Scotland many of the golf courses are laid out on sandy downs bordering on the sea. These are the very places where rabbits abound.

One of the perpetual troubles of a golfer was that his ball constantly found a lodgment in these rabbit "scrapes," from which it was difficult to drive it with accuracy; hence special rules were framed at St. Andrews, the Mecca of golf, fixing what was to be done when one got into a scrape. The phrase thus started from the golfers in the north and spread southward without its practical bearing being known.—London Chronicle.

PULPIT HOURGLASSES.

At One Time Used to Time Sermons in English Churches.

It was after the reformation, when long sermons came much into fashion in England, that pulpit hourglasses were introduced. The pulpits had become a very "demureless" and in the middle of the seventeenth century Puritan preachers held forth for two hours and more to drowsy hearers.

To remedy this abuse hourglasses were fixed upon the pulpits, and we read of a preacher in 1623 who was "attended by a man who brought after him his book and hour glass." Some churches were also provided with half hour glasses, and we may imagine with what anxiety the person's choice was looked for by clerk and congregation if his sermons were dull and dry.

In the sixteenth century ironwork stands were fitted for the reception of the hourglass, some of which were very elaborate in design and of costly materials. They lingered in country churches for many years, but ceased to be in general use after the Restoration.—Pearson's Weekly.

The Arctic Iceberg.

The mountainous arctic iceberg which may perhaps tear a hole in the bow of an ocean liner and which has been known to send smaller vessels to the bottom, has been many years in the making. It starts in a flake of snow somewhere in the great ice cap of Greenland. From the ice cap, which is perhaps half a mile thick, the accumulation of many years of arctic snowstorms is forced by the enormous weight of the cap through great valleys in the Greenland continent. The snowflake becomes a part of a glacier and starts on its way to the sea.

Monkeys and Magpies.

Monkeys and magpies are bad mathematicians. Neither can count beyond four, and the men who make it their business to catch them profit by this knowledge. Five or six men march openly toward the animal and then hide themselves. A short time after four men come out into the open and go away. The animals, believing all have gone, are readily caught by those who remain.

You May Be Cured

544 Garfield Avenue, Chicago, Ill., October 9, 1902.

After doctoring for eleven months and taking forty-five bottles of medicine and finding no relief for leucorrhea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seemed strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did.

It cured me. Took every bit of pain, pain away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Now can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. Weakness goes to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. Claim Entire State Ticket

In Colorado.

Eighty Percent of Ballots Scratched.

Denver News Insists That Electoral Vote of State Is for Parker.

Diversity of Estimates That Are bewildering and Official Count Will Be Necessary to Determine Who is Who.

Denver, Colo. Nov. 9.—The remarkable feature of the balloting in Colorado yesterday was the number of scratched votes, which in some counties were eighty per cent of the total. The democrats claim that scratching was done in favor of Adams, their nominee for governor, while the republican assert that Peabody, the republican nominee received his share of the scratched votes. There is nothing surprising which would justify changing previous statements that Adams and Fairbanks had received the electoral vote of the state although the democratic state committee at this time does not concede that Parker and Davis are beaten here.

(1) News (item) maintains today according to the best estimate it could be made from incomplete returns from most of the counties of the state, Adams has been elected governor by a plurality of 10,000 to 12,000 and that he carried Denver county by over 2,000. It claims that the entire state ticket and Safford and Wilford candidates for congress have been elected and the election of congress of Maupin from the second district is probable. Admitting the result on the state ticket to be close, News says it is likely Parker has carried the state. No figures are given on which to base the prediction to ever. The News also says that the democrats will control both houses of the legislature if their hopes are realized. The republican,

on the other hand, claims, that Peabody has been elected by at least 10,000 plurality and that Denver, which has been the democratic stronghold in recent elections has been carried by the republicans.

The claim that Roosevelt has run 100 to 1 ahead of his ticket. It is also claimed by the republicans that the next legislature will be assuredly republican. In making these claims neither papers offers any definite figures to support them.

Victory for Collegiates

In the Game

With the Strong City Team Yesterday.

Owen's Line Was Too Light But There Was a Dead Game Fight to End.

Akron Challenges the Collegiates But the Team Is Laid up for Temporary Repairs at the Present.

The collegiate foot ball team made its first appearance yesterday afternoon in a game against Leo Owen's city team and made weight and science count in the victory which gave the collegiates 36 points to their opponents nothing. Although at a disadvantage in weight and having had but little practice the opponents put up a game battle and stopped several attempts on the part of the collegiates to gain ground. There was evidence of raggedness on both sides, the ball being repeatedly fumbled, but it was certain from the first that the collegiates had the city team at a disadvantage.

The first touchdown was made after a few minutes of play by a long run by Mitchell who followed splendid interference for a dash around the end, a clean run of 70 yards. From that moment it was only a question of the size of the score, and the collegiates took chances on punts for gains, being satisfied of their ability to hold their opponents for downs.

McLaughlin played a great quarter and kicked a beautiful goal from the field. The same can be said of all the men who although at a slight disadvantage in their first contest of the season, took on every chance, and there was no display of a yellow streak. Black Shaw and Jackson of the high school team proved to be hardened by recent training and to each one of them a share of the good work is accorded. Breasier showed his usual grit by remaining in the game to the finish with a severely sprained ankle and at right tackle took care of his opponent in capital style. The heavy weights, Watts at center and Smith and Williams at guard, made line plunges fruitless and for opening a way through their opponents line, their bulk and strength counted in every play.

The city team was put at a disadvantage early in the game, when Owens retired with a wrenched leg and a substitute was called to take his place at full back. The collegiates are grateful to the opposing team for saving them a game which will help them in meeting visiting teams. The lineup was as follows:

Collegians—Watts, center, Smith, left guard, Williams, right guard; Black, left guard; Breasier, right tackle; McNary, left end, Taylor, right end; McLaughlin, quarter back; Mitchell, left half back; Jackson, right half back, Shaw, full back.

City team—Kemper, center; Pickering, r. g., McCoy, l. g., Robinson, r. t., Noton, l. t., Thomson, r. e., Orth, l. e., Vogleson, q., Neuhardt, r. h.; Shafer, l. h. b., Oen, f. b.

Touchdowns, Mitchell 2, Jackson, Smith, McLaughlin. Goals from field, McLaughlin 2. Goals from touchdown, Mitchell 2. Referee, Mayer, umpire, Swan.

After the Champions

The White Star basketball team expects to meet the enemy again Friday night at the Auditorium, the attraction being a speedy local team that has an idea of being able to pluck a few feathers from the champions. There will be a dance free after the game. The line up of the opposing teams will be published later.

Good Time in Sight.

Two games of basket ball will be played at the Y. M. C. A. gymnasium tonight as a starter for the clerk's league. The first game will be at 7:30 between the teams captained by Roy Jeffers and Otis McBride, and the second game will follow between the teams of Richard Jones and Joe White.

Immediately after the games there will be a box social, which promises stacks of fun for those wishing to spend an enjoyable evening.

AKRON CHALLENGED

But Lima Collegiates Are Not in Shape to Accept It.

The collegiate foot ball team received a challenge this morning from the Athletic Association team of Akron, O., for a game to be played there next Saturday. The letter left in doubt but that Akron has a strong aggregation, two of the players having made reputations on their respective college eleven, but Lima has as

strong a bunch as could be gotten together and could at least expect to put up a great battle. Akron is foot ball mad this year, having won every game played and the attendance averages from 1000 to 1500 when the weather is fair.

In the presence of such a crowd of rooters Lima would do hard, even if failure were a certainty, and had the collegiates started the season a little earlier they would be in a position to expect a victory. After a conference this morning and an victory of the players, it was decided that the challenge could not be accepted at this time. Several of the players came out of the game yesterday in no shape for another scrimmage so soon, and several of the best players find it impossible to get away from their work.

Akron was communicated with by phone and there is a possibility that a game may be arranged later in the season.

Boxing Club.

The boxing club which organized last Wednesday night will have their first session tonight at 8 o'clock. All members who have signed for the class are urged to be present. All who are not members of the class, but are interested in the work are invited to be present also.

PARSONAGE

Of St. Rose Scene of Happy Wedding.

Thos. J. Hoffman, the popular young grocer, in the Cincinnati block, and Leota Hathaway Selivan, were quietly united in marriage last night at 8 o'clock at St. Rose parsonage by the Rev. A. E. Manning. A wedding supper followed the ceremony, at the home of the groom's parents, Mr. and Mrs. Harmon Hoffman, of north West street. Both are popular young people who have the best wishes of a host of friends for a happy married life.

HE VOTED.

A negro preacher of Brooklyn tells an interesting story of political campaigns in which he figured some years ago. In Springfield, O., at one time, he said, a negro could not vote, but any one who could prove that he was two-thirds white, had the right to cast a ballot. The preacher is not of swarthy skin nor of deep ebony hue.

"Some one told me," he said, "that I would be able to pass as two-thirds white. In the polling place there was a big burly Irishman who at once challenged my vote.

"Judge, yer honor," said the Irishman, "this man cannot vote, as his father was not a white man."

"Are you two-thirds white?" said the judge, addressing me.

"I don't know," I responded.

"Well was your father white?" asked the Irishman.

"I don't know. I repeated.

"Well, did your mother ever tell you that your father was a white man?" persisted the Irishman.

"No," said I, addressing the judge.

"My mother never told me that my father was a white man, but I do remember her telling me that he was Irish."

"The Irishman disappeared and I voted," concluded the preacher.—Brooklyn Eagle

SHAWNEE ITEMS.

Walter Bowsher, of Lima, was the guest of Clyde and Cloyd Youkam.

Mrs. Theodosia Verbyke, of Lima, spent Sunday with Frank Keller and family.

Mr. and Mrs. Frank Dixon, of Lima, were the guests Sunday of relatives in Shawnee.

Miss Sue Clippinger visited at the home of Mr. and Mrs. W. H. Breece, of Lima, last Thursday.

Smith Reed, of Toledo, was the guest Sunday of his parents, Mr. and Mrs. Salem Reed.

C. D. Strawbridge and family spent Sunday with William Long and family, of Allentown. Mr. Long and family expect to move to Indiana in a few weeks.

Cliff Breece expects to go in a short time to California, where he may possibly take a position with the Standard Oil company in whose services he has been an efficient employee for several years.

Henry Umbaugh and sister, Sophia, Edith Porter and Raymorth Willis, spent Sunday at the home of Bert Umbaugh and family, of Cridersville. George Shaffer and family leave this week for their new home in Indiana where Mr. Shaffer will be engaged in the oil field.

F. E. Burkhardt and family, of Mindemine, Missouri, were the guests of relatives here a part of last week. Mr. Burkhardt is the youngest son of Mr. and Mrs. George Burkhardt and a staunch democrat, and is the editor of the Mindemine Herald, the official party organ of the county in which he resides.

Miss Emma Bowsher who has been working in Lima, spent the past week with her parents, Mr. and Mrs. Jacob Bowsher.

Township Clerk James A. Umbaugh made a business trip to West Newton Thursday.

Mr. Smith, who has been working for Elza Zuremehy this summer, has accepted a position as book-keeper with the Hensinger Gas Engine company, of Lima.

A large number of the friends of relatives of Mr. and Mrs. Frank Keller gathered at their home on the Spencerville road last Thursday evening to inform Mrs. Keller that she had reached another mile stone in life's journey and that they intended having a good time without form or ceremony or invitation. A sumptuous supper was served and games were indulged in until a late hour when the surprisers went to their respective homes each wishing Mrs. Keller many pleasant returns of the day.

A. H. Stoup closed a very successful term of school at district number ten Friday and the pupils are enjoying a two weeks' vacation.

Township trustee, Beach Graham, is with a party of hunters who are scouring the forests in the vicinity of Cerritos, Maine, in search of bigger game than can be found in Ohio. Many of the boys are surprised that Beach would leave home at this particular time and lose his vote at the election.

Drilling was resumed again Saturday on the Dave Hoyer farm after several days delay by the losing of a string of tools in the hole the fore part of the week. It is expected that this well will reach sand by Friday of this week and the outcome will be watched with much interest by producers as well as by the farmers in the immediate vicinity. This well will doubtless be considered a fair test for the F. E. Crider, Amos Silder and Ira Clum farms each of which adjoin the Hoyer property and which are located within a hundred yards of the location of the Hoyer well. The Britt and Sinclair stock farm and joins immediately west but this farm needs no looking after by prospective operators as Messrs. Britt and Sinclair drill all their own wells and already have over a dozen wells pumping on the large farm.

Alva Breece and family and Miss Maud Hoyer, spent Sunday with Mr. Breece's daughter, Mrs. William Long, and family near Allentown.

Mrs. Dan Henson and daughter Ella of Toiler, spent Sunday with Mrs. Roy Lehmann and family.

Wm. Hixenbaugh has the foundation laid for his new house and when completed, it will be one of the largest in the township. Mr. Hixenbaugh recently sold his farm near the McBeth park and has purchased another in the west part of the township where he is erecting his new residence.

The Shawnee Debating Society was reorganized at the Raymond school house, last Friday evening, a large crowd being present at the time of reorganization. It begins to look from the interest taken in the meeting Friday evening as if another winter of success awaits those who are interested in the work.

The young people of Shawnee have always taken an active interest in literary work and it is presumed that this winter will be one of the most successful, as the right spirit is shown in the beginning. Meetings will be held every Friday evening, and as the school house is located within a hundred yards of the Snider crossing on the Western Ohio, it is easy of access to all who are lovers of good debate. The literary programs are always of the highest order. Admission free and everybody invited to attend and take an active part.

F. E. Crider and family will move to Lima tomorrow. They have been life-long residents of Shawnee and we are sorry to lose them as they have been good neighbors and a family from which neighborly acts might be received at any time. Mr. Crider will engage in business pursuits of some kind as soon as he gets settled in his new position.

Mrs. Lydia Eusten, of Lima, Miss Anna Sereff, of Allentown, and Mrs. John Sereff, of near Kempton, were guests, Sunday, of C. E. Strawbridge and family.

Thrace Bortchue will leave in a few days for California, where he will engage in pumping in the oil fields. The amount of building done in Shawnee this summer exceeds the amount done in any one summer for several years. We will undertake in a few weeks to give a complete list of the buildings erected in the township during the entire year with the approximate cost of same.

A SURE THING.

"It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanFleet, of Shepherdstown, W. Va., says: 'I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely.' It is infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by H. F. Vortkamp, Druggist. Trial bottles free. Reg. size 50c, \$1.00."

ATCHISON GLOBE SIGHTS.

One-half the stuff you buy does you no good.

Someway no one expects much from a very fat person.

Don't carry a lot of keys to private drawers. Burn papers you don't want seen.

A widower can start a new story on himself every day in the week, if he wants to.

A dollar is a large amount to pay for bread, but is mighty insignificant in a poker game.

Every young girl believes that her mother has entirely too much patience with her father.

If a widower has a daughter as old as five years, she looks as if he were terrible responsibility.

When some people haven't any great trouble, they smile as much as to say, 'How brave I am!'

The women who "entertain" have a dead-end list. They are the women who never "give" anything.

Many a good man fuses a great deal about nothing, and makes himself unnecessarily disagreeable.

There is this in being a parent: They get the abuse if their children are bad, and no particular credit if they are good.

A good deal is said in a woman's complaints about being a drudge; still her husband is the other one if he does his share.

A man at Omaha has sued his wife for divorce, charging that "she is what the Atchison Globe calls a lovely character."

When a famous cook has company to dinner, her conversation consists of "do try some of this," and "you are not eating a thing."

Somewhat we are very glad that no one who has a reputation of writing a good "descriptive" letter, cares enough about us to write to us.

If a man fails in a business way and his wife takes hold and succeeds, the first money she makes is liable to be invested in a case for divorce.

If a girl has her eyes on a man, and a Hallows' charm says that he is to be her very own, he couldn't escape if Mercury loaned him his wings.

In order to emphasize the fact that this life is not all, a St. Joe preacher will have a coffin on his pulpit tomorrow, and preach with it as a text.

Occasionally a woman makes a smile go round by saying she considers it her duty to help her husband in a business way by keeping up her social duties.

An equal suffragist on a farm is as rare as a chum in town. There seems to be something about the easier life in town that makes women discontented.

A reporter asked a man today for an item. "I have just returned from Kansas City, and am drunk," the man said, "and if I knew an item, I couldn't tell it."

A man living on North Third street

quarrels a great deal with his wife. His wife keeps saying, "no man can cuss me," but the man cusses her by the hour.

In romance "The sear and the year" means some handsome hero guarding his lady love. In real life it means some scrubby little woman watching her husband.

It is said that nothing makes an automobilist so mad as to have a cur dog rush out and bark at him, when he is running along smoothly, and possibly being admired.

"I came pretty near getting something," said a youth today, who had dropped a nickel in a slot machine. "But we don't pay on pretty near, the bar keeper said."

Women's magazines insist that a girl hasn't her pick in the matrimonial market, delicately avoiding by well chosen terms all illusion to such a thing as chasing.

When a farmer starts to catch a lot of chickens to bring to town, they

look mighty big and fat, but when the grocer in town picks them up, and looks at them, they look mighty small.

If a girl is popular she enters her married life with a salad stomach, as the result of parties given in her honor. Combine this with new shoes, and then talk about "happy brides" if you dare.

In the courts in Syracuse, a woman's will was thrown out, the decision being reached that she was mentally unbalanced because she wore high heeled shoes. Pull your skirts down, Mrs., or yours will show.

The daughter of a poor man is more apt to make a good marriage than the daughter of a rich man, judging from the telegraph in the newspapers. All the best men seem to engage in the chase when the girl is rich.

All most people seem to live for is to make each other trouble. It is a rare man who does not enjoy annoying his neighbor. And if he is called to account for it, he will willingly engage in a fight that may last him the rest of his life.

DON'T EXPERIMENT!

You Will Make No Mistake if You Follow This Lima Citizen's Advice.

Never neglect your health.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act! These are all symptoms of kidney trouble and you should use a remedy which is known to cure these troubles safely and surely.

Doan's Kidney Pills is that remedy, and if you wish to be cured of kidney disease without experimenting, do not fail to use it. Others have been cured and cured permanently. Why not follow the advice of a Lima citizen and be cured yourself?

Enos G. Conner, of Light & Conner, dealers in millinery and ladies' furnishings at 134 north Main street, Lima, Ohio, and living at 218 Washington street, says: "Some four years ago, I made a statement recommending Doan's Kidney Pills. I would not have done this if I had not known from personal experience that this remedy can be thoroughly relied upon in case of kidney and backache trouble. Continued freedom from my old complaint during the several years which have passed has so strengthened my estimation of Doan's Kidney Pills that I am well pleased to make another statement at this time, showing that they not only relieve but permanently cure."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Ah, Yes: There's a joy in being Merely alive—

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says R. S. Webster & Co., Udena, Ontario, Canada. For sale by all druggists.

There are two periods in a man's life when he is unable to understand women. One is before marriage and the other after—Exchange.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

AN AMBITION.

"I wish I was a graduate gradin' round the place.
An' greetin' everybody with a happy smilin' face.
An' havin' all the folks come out a-sayin' in nowdays—
An' wishin' you good luck in all you undertake to do."

It must be fine to go a-risin' most every day.

An' watch the big processions pass an' hear the music play.

An' see your picture painted so artistic an' near.

A swamin' and a swayin' on the banner 'most the street.

In our debatin' circle I have learned the truth sublime.

That pur-suit is really better than pos-session, every time;

I'd like to bustle 'round a-makin' speeches through the state.

I don't want any office. 'Druther be a candidate.

WHOLESOME ADVICE ABOUT COLD FEET.

Winter is coming on, and people who are troubled with cold feet and cramps in the toes and calves of the legs, dread the approach of it. I have been able to help many people suffering from the above inconveniences (to put it mildly), and in these columns I will describe a few exercises, which, if done faithfully morning and night (in some cases once a day is sufficient) will bring about improved circulation, and if the circulation is all right, cold feet and cramps will vanish.

Exercise No. 1.

Put both hands high over the head, locking the thumbs together. Take a deep breath, raise your chest high, and walk about your room on tiptoe; hold the breath, hold, expel; walk about until you feel quite tired. While your hands are over your head, stretch upward as high as possible. If you have time to do that exercise often, not just morning and night, so much the better.

Exercise No. 2.

Lie down on the floor or on a very hard couch. There must be no yielding under the body. Take a deep breath through the nose, raising the abdomen as you do so. Then, still holding the breath, force the chest up, letting the abdomen down. Up with the abdomen again; up with the chest. Let the breath out through your nose while chest is raised. Practice that until you can do it five times without letting out your breath—abdomen and chest up alternately.

Exercise No. 3.

Heels together, toes apart. (One must use very easy slippers in all these exercises.) Hands on hips. Take a deep breath. Now start on a run, but stand just where you are, have a spring with knees bent—right foot out in front—left foot—right foot—left foot—right foot—left foot. Never let heels strike the floor. Hold breath half a second; expel. Run that way for a few seconds until you feel a bit tired, then rest a minute and do it again.

(Of course, people with any organic trouble will not do this unless under the supervision of a physical culture teacher or doctor.)

Exercise No. 4.

Heels together, toes apart. Take

a deep breath. Raise heel, from the floor as high as you can, standing on tiptoe. Down, up, down, up. Do it, if possible without taking hold of anything, and with your hands on hips. Do it as many times as you can without tiring the muscles too much. Perhaps you can only do it ten or twenty times at first. It will make you a bit lame, perhaps, but do not pay any attention to a little thing like that.

Take long breaths while you are doing this exercise.

Exercise No. 5.

Now, standing in the same position, put weights on heels and raise toes. Up and down that way several times. Breathe deeply.

Exercise No. 6.

I think you all understand the old-fashioned calisthenic exercise you used to do in school.

Hands clinched; deep breath; arms out in front five times, up five times, down five times, holding and expelling the breath at each different five. Do this very vigorously.

Exercise No. 7.

Lie on the floor. Take a deep breath, raise abdomen, and raise feet without bending the knees. When they are nearly perpendicular, bend knees and make the legs go as they would if you were riding a wheel. Turn the toes up and down as you make the revolutions. Do that for quite a while. Deep breathing all through the exercise.

Exercise No. 8.

Stand erect. Take a deep breath. Bend knee of right leg and try to touch your shoulder with it. Do that ten times, breathing, holding breath, and expelling. Then the other leg ten times.

There is a lot of vigorous exercising in those eight movements. They may seem a bit formidable at first, but they are easily learned, and it only takes a few minutes to go through them all. Of course you can pay your money and take your choice; so the even tenor of your way and have iceburg feet, or stir about and establish a good circulation.

Do not humor yourself and stay in the house all winter with your feet on the register or radiator, or in the oven. Go out doors and walk all you can. Take deep breaths. Sleep in a well ventilated room, and keep your bowels open with fruit, olive-oil and distilled water. Learn to breathe deeply; do the exercises faithfully and by the time winter is here your circulation will be so much improved and your health so much better, you will forget you ever had cold feet and cramps in your toes.—Nanette Pratt in Medical Talk

RETURNS SHOW THAT (Continued from page 1.)

to President Roosevelt. The message was dispatched at once. It was as follows:

"President Roosevelt,

White House, Washington.

The people by their vote have enthusiastically approved your administration and I congratulate you.

(Signed) ALTON B. PARKER."

At that hour, returns were indefinite and the judge declined to make an extended statement. He said his telegram to the president conveyed everything about the situation that he knew, that the result was evident even though details were lacking.

MARYLAND

Goes For Roosevelt by a Small Majority.

Baltimore, Nov. 9.—Complete returns from the 24 wards of Baltimore give Parker 47,976 votes and Roosevelt 47,491, a democratic plurality of 485. Returns from several counties are still incomplete but there is no doubt that the state has gone republican by a small majority. Republican state chairman Hanna claims that the republican majority will be 2,000. In the six congressional districts of the state, three republicans and two democrats are elected with the remaining district in doubt. There is seemingly a difference of only 100 votes and it will require an official count to decide the result.

Thomas Elected.

Akron, O., Nov. 8.—According to the latest figures received, W. Aubrey Thomas, republican candidate for congress in the 19th district, is elected by about 1,800 plurality.

400,000 in Pennsylvania.

Philadelphia, Nov. 9.—Roosevelt's majority in this state will reach the unprecedented figures of 400,000 and the republicans have probably elected thirty-one of the thirty-two congressmen. The only democratic congressman who now appears sure of election is Kilne in the 13th district.

In the 10th district now represented by Congressman Dickerman, the fight is very close between Samuels (R) and Davis (D) with latest returns indicating that the latter has been elected. In the 20th district in which Congressman Shull, the present member, ran as an independent candidate against Broadhead, democrat, and

Senecbelle (R) both the republicans and democrats claim the election of their respective candidates. In the tenth and 20th districts which were both claimed by the democrats, republicans have been victorious.

The republicans will have a majority in the legislature on joint ballot of about 225.

Almost Unanimous.

Trenton, N. J., Nov. 9.—Roosevelt's plurality in this city will reach sixty thousand and Stokes, the republican candidate for governor has defeated Black, democrat, by at least 40,000.

The defeat of Hughes, democrat, for congress in the 6th district and Benney, (rep.) in the 9th district will make the representation in congress from this state nine republicans and one democrat. A. L. McDermott being the only democratic member returned to the lower branch of the national house.

Even Little Delaware.

Wilmington, Del., Nov. 9.—The republicans have made a clean sweep in this state. Roosevelt's plurality will be over 4,000 while Lea, the republican compromise candidate for governor will have a plurality of nearly 2,500.

The republicans have elected their congressman and will have a majority on joint ballot in the legislature of 16. This will probably mean the election of J. Edward Addicks, as United States senator.

A Ray of Light.

Raleigh, N. C., Nov. 9.—Latest returns indicate that Parker carried North Carolina by from 17,000 to 50,000. All congressional districts are democratic except the 8th which is still in doubt.

Finally Got Results.

Providence, R. I., Nov. 9.—It was

not until 7 o'clock this morning that a republican victory for governor was assured. The vote from 151 out of 153 voting districts was: Utter 33,552; Garvin 32,255. Roosevelt carried the state by about 12,000.

The 9th republicans also elected their state ticket and obtained an increased majority in the legislature, which insures the re-election of United States Senator Aldrich.

May Save Missouri.

St. Louis, Mo., Nov. 9.—While the returns from the state are incomplete, they indicate according to the Post Dispatch, (independent democrat) that the democratic state and national tickets were elected, which the possible exception of Cook and Allen candidates respectively for secretary of state and auditor.

Looks Like Folk.

Kansas City, Mo., Nov. 9.—The Times (ind.) at 6 a. m. says: "At this hour with increased democratic losses in the county the indications point more strongly to the probability that Roosevelt and Fairbank have carried Missouri and that the plurality for Joseph Folk (D) for governor against Walbridge (R) will be something like 20,000. It is also becoming more than a possibility that the next legislature, which will elect a successor to Senator Francis M. Lockrell (D) will be republican. Returns from the country are coming in slowly, and figures will be fairly soon. S. Cowherd, chairman of the democratic congressional committee, defeated by E. C. Ellis, (R) from Kansas City, in the fifth congressional district.

Take It Along.

Lincoln, Neb., Nov. 9.—The Lincoln Star, (R) claims the re-election of Governor Mickey by a plurality of 8,000 over Geo. Berg, fusionist, basin he claim upon complete returns from nearly half of the voting precincts in his state. The republican leader also claim Mickey's re-election the success of the entire republican ticket and the election of six republican congressmen. At fusion headquarters in this city the election of Mickey has not yet been conceded.

What Fighting Does.

Milwaukee, Wis., Nov. 9.—While election returns in Wisconsin are far from complete estimates give Roosevelt and Fairbanks more than 5,000 plurality in the state. Chairman Conner, of the republican central committee, places LaFollette's plurality in the state at about 60,000. Democratic candidate for governor Leo W. Peck, concedes his defeat. The legislature will be largely republican though it looks like a dead lock in United States senator. The question of primary election law carries a majority. Democratic Congressman Babcock's plurality is 5,515. The socialist democrats ran slightly ahead of the democrats, pulling over 18,000 votes and they also elect four assemblymen.

Dick Rests.

Columbus, O., Nov. 9.—General Dick was asked early today if he could add to his 200,000 plurality prediction. He hesitated a moment as if amused, and then said: "No, I will rest there for the present."

Congratulatory telegrams poured in Dick and Malloy for their masterly management of the campaign throughout the day. The following telegram was received from Denver, "Chicago, is a fair sample of these messages:

"My heartiest congratulations to you upon breaking your own record as campaign manager. There are no greater victories than the one you have won in Ohio."

The highest previous plurality the republican party of Ohio ever gave an residential or state candidate was 37,000 given Samuel L. Taylor, candidate for secretary of state in 1894. State republican leaders themselves are astonished at the greatness of the victory achieved.

WEST VIRGINIA

Gives Roosevelt a Plurality of Ten Thousand.

Wheeling, W. Va., Nov. 9.—It is admitted at democratic headquarters that Roosevelt has carried West Virginia by a majority upwards of 10,000, but it is claimed that Cornwall (democrat) has defeated Sawson (republican) for governor and that possibly the entire state ticket may go into office on the anti-Dawson wave. The republicans have the legislature on joint ballot, but by reduced majority, insuring the return of N. B. Scott to the senate. Republicans have elected three of the five congressmen while the democrats claim Welker wins over Dayton in the second and Murdock over Woodyard in the fourth.

Biggest Vote in History.

Concord, N. H., Nov. 9.—New Hampshire yesterday polled one of the largest votes in its history, the result being a decided republican victory for both national and state tickets. Roosevelt carried the state against Parker by about 20,000 plurality, while John McLean (republican) defeated Henry F. Hollis, (democrat) for governor by about 15,000. The republicans will have a majority of about 100 in the state legislature.

Clear Out of Sight.

New Haven, Conn., Nov. 9.—The republican pluralities in Connecticut for

the national and state tickets exceed anything ever before experienced in the state. Revised returns from every city and town give Roosevelt a plurality of 38,197, while four years ago McKinley defeated Bryan at the high water mark of 128,558. Lieutenant Governor Robert, the republican candidate for governor although badly scratched, led Judge Robertson, his opponent, by 25,911. Congressmen at large Little shared in the flood of ballots by getting a plurality of 32,694 over Wm. Kennedy, of Naugatuck, formerly one of the Bryan leaders in the state. The four re-elected republican congressmen each had pluralities which the most confident never expected to see.

The legislature is overwhelmingly republican, the senate standing 30 republicans to five democrats, and the house 215 republican to 38 democrats, with two seats tied.

Claim State Ticket.

Parkersburg, W. Va., Nov. 9.—The republican state committee claims the election of the state ticket but offers no figures and admits having nothing in which to base an estimate. The committee claims that Roosevelt has carried the state by 25,000 or 30,000. The few reports in from this county indicate that the democratic state ticket is making very heavy gains.

May Get Governor.

St. Paul, Minn., Nov. 9.—While returns from the state are far from complete there is sufficient information at hand to justify the previous estimate of 100,000 plurality for Roosevelt. The gubernatorial ticket is still a doubt. Unofficial but fairly complete figures from 42 of the 85 counties of the state give Johnson (democrat) a plurality of 12,000 over Dunn (republican). Some of the counties are to be heard from, however, are said to be Dunn strongholds. Everything below governor is all republican with the possible exception of one justice of the supreme court. The legislature which will elect a United States Senator is strongly republican on a joint ballot.

In Spite of Foraker's Visit.

Cleveland, O., Nov. 9.—With 116 precincts in this, Cuyahoga county, still missing, the members of the board of election left their office early today to obtain much needed rest. Up to that time 178 precincts out of 294 in the county had been canvassed, showing that Roosevelt had received 2,885 and Parker 15,144. On that basis the republicans claim Roosevelt will have 25,000 plurality in the county, and 12,000 in the city. The democrats still claim they have elected their candidates for county auditor and sheriff. Otherwise the republicans made a clean sweep.

Small Plurality.

Baltimore, Md., Nov. 9.—Returns have been received from all the counties in Maryland except two, showing a plurality for Roosevelt of 119. The two counties not heard from are Charles and St. Marys, with large negro populations, the returns from which will almost certainly increase the foregoing figures.

A Shadow of Doubt.

Omaha, Neb., Nov. 9.—The only part of the republican ticket in Nebraska left in doubt is for governor. The vote for Roosevelt is unprecedented and some place his plurality is high as 75,000 and there seems little doubt that it will reach at least 60,000.

Getting Bigger.

Indianapolis, Ind., Nov. 9.—The latest figures from all counties in the state give Indiana to the republicans by probably sixty thousand. The republicans gain two congressmen.

Give Them All.

Chicago, Ill., Nov. 9.—Dispatches to the Associated Press up to 11:30 o'clock this morning show that the republicans have elected 233 congressmen and the democrats 111. Of the other twelve districts six are now represented by republicans and six by democrats.

Divide Honor.

Kansas City, Mo., Nov. 9.—The Star (Independent) at 10:45 a. m., claims that the republicans have carried Missouri for the national ticket but gives no figures. The Star claims the election of Folk, democratic for governor.

Go Tell Aunt Rhoda.

Providence, R. I., Nov. 9.—Complete returns from Rhode Island for governor show that Geo. Utter, (republican) defeated L. F. C. Garvin, (democrat), by 594 plurality. The vote was: Utter, (rep.) 33,655; Garvin, (Dem.) 32,041; Carney, socialist, 652; Brightman, (prohibition), 964; McDermott, (socialist leader), 501. These figures indicate a net gain in the republican vote for governor of 1,337.

B' Gosh.

New York, Nov. 9.—The latest returns from New York state with some districts missing indicate pluralities of 168,791 for Roosevelt and about 74,000 for Higgins. Roosevelt has approximately 206,000 outside of the greater New York, while Parker's plurality in the city is less than 38,000.

Kentucky Gave There.

Louisville, Ky., Nov. 9.—All save 353 out of 2,053 precincts in Kentucky show a plurality of 31,711 for Parker over Roosevelt.

Cincinnati Results.

Cincinnati, O., Nov. 9.—The complete returns for president is as follows:

McKinley's Widow Pleased.

Canton, O., Nov. 9.—Words of congratulation from Mrs. McKinley were conveyed to President Roosevelt in a telegram sent to the executive mansion at 10 o'clock this morning. The message read:

"Accept my sincere congratulations. IDA S. MCKINLEY."

At the McKinley home it was said that the widow of the late president, Tuesday evening had heard the returns with interest and seemed much pleased with the result of the election.

Quarter of Million.

Chicago, Nov. 9.—Roosevelt and Fairbanks carried Illinois by a plurality estimated at 225,000. It is certain that twenty-one and possibly twenty-three of the twenty-five republican candidates for congress have been elected.

Governor Escaped.

Denver, Colo., Nov. 9.—Returns indicate that Roosevelt's plurality in Colorado will be about 20,000 and that Alva Adams, democrat, will have at least 5,000 plurality over Jas. H. Peabody, republican for governor.

Hurray for Smoot.

Salt Lake City, Utah, Nov. 9.—Late returns show Roosevelt has carried Utah by at least 10,000.

Whirlwind Night.

Kansas City, Mo., Nov. 9.—A special to the Star (ind.) from Topeka, Kas., says:

"The republicans have carried Kansas by tremendous majorities, for the national, state, congressional and legislative tickets. W. F. Sapp, chairman of the democratic state committee, concedes only Roosevelt's election and claims the state for the democratic state ticket, especially the election of Judge Dale for governor. 'Chairman Stubbs, of the republican state committee claims the state for Roosevelt by from 100,000 to 115,000 for Hoch for governor by 75,000 to 10,000 and for Kelly for state treasurer by 20,000 to 25,000."

"The entire congressional delegation is republican by an aggregate majority that will run close up to that given Hoch."

A HOUSE-CLEANING CAROL.

When the soap is on the stairway and the carpet's on the line,
Then I do not mope and long for any Home, Sweet Home, in mine;
For I know the books are corded in the cellar by the coal,
And the pictures are reposing by the punch and salad bowl,
And the mops and rags and dusters in confusion intertwine
When the soap is on the stairway and the carpet's on the line.

The piano's in the kitchen and the feather beds are hung
On the fence above the flowers where the bric-a-brac was hung;
There's a heap on the veranda—crookery and jardiniere—
And a sound of mighty whacking in the back yard strikes my ears;
So I slope away discreetly, for some other spot I pine
When the soap is on the stairway and the carpet's on the line.

They would feed me on old victuals;
I would sleep upon a cot;
They might even say, "Get busy!"—
make me help them, like as not;
So I hover at a distance till I see them gather in
All the furniture and bedding, and complacently I grin
That a fellow's mighty lucky if he knows the mystic sign
When the soap is on the stairway and the carpet's on the line.

Israel Zangwill and Oliver Hereford were fellow guests not long ago at a dinner in London. Just then newspapers were making much of Hereford's poem about the butterfly, the idea of which is similar to that in a story written by Zangwill. "What do you mean, Hereford," asked the distinguished Jewish author, "by spoiling my story with your rhymes?" Hereford replied in jocular fashion, but added in a serious tone: "Tell me, old chap, where did you get that story? 'From the Talmud' was the reply. 'Ah, just what I thought,' said Hereford, 'so did I.'"—Chicago Chronicle.

The national, state, county and city election of 1904 has gone into history and it goes as a sweeping republican victory of unprecedented proportions. Allen county has, for the first time in its history, wandered away from the republican column on a presidential election and with it went the entire city of Lima, the unofficial returns indicating that both councilman and assessors even in the old reliable first ward are both republicans.

Returns from the circuit, judicial and fourth congressional districts are slow in being compiled, and the result in both are somewhat in doubt. It is, however, the opinion of the most conservative members of both parties that Harvey C. Garber, democrat, has been re-elected congressman and that Hon. Harry Kinder, democratic candidate for judge of circuit court, is defeated by the aggregate vote of the 16 counties comprising the district, his republican opponent, Silas Hurin, being elected by a safe majority. At 2 o'clock this afternoon, the statement was made at Mr. Hurin's headquarters in Findlay that returns received there indicated his election by a majority of about 4,500 in the entire district. The democratic state committee concedes the election of Mr. Hurin, but claims

the election of Mr. Garber by about 1,500 majority.

One consolation prize left for the democratic party of this subdivided judicial district is the reelection of Hugh T. Mathers, of Sidney, as a judge of the court of common pleas. Judge Mathers' election is even conceded by the republicans, who had no candidate running against the popular Shelby county jurist.

Roosevelt's majority, according to the unofficial returns of Allen county was 1,157, about the same figures that marked W. J. Bryan's majority in this county in 1900. Congressman Garber ran far in the lead of the head of the ticket both in this county and his home county, Darke, and succeeded in carrying Darke county by three votes. His opponent's majority in this county will aggregate between four and five hundred. Mr. Garber carried Mercer county by a majority of about 1,200, won in Shelby county by a majority of about 600 and received a majority of about 640 in Auglaize county, which gives him an aggregate plurality in the district of about 1,500.

In this city the republicans carried their ticket through by about the majority of votes they claimed from the

canvass of their poll before the election. It was largely in the rural districts that the democratic ticket suffered its heavy slump.

None of even the most enthusiastic republicans or the most dissatisfied democrats expected the republican ticket to win in either nation, state, county or city by anything like the majorities it received and the result on many local tickets will long be regretted by many who remained at home or paid too much attention to the national ticket. The defeat of Ed. Smith for councilman from the First ward, was unexpected even by the republicans, and all admit that they have, through his defeat, lost a good councilman.

The victory for the republican school board ticket was as complete as it was with the republican county and city tickets and the republicans are now in complete control of the city council, the school board, all other city offices with the single exception of that of mayor. They also have the county clerk's and county treasurer's offices, have on member of the board of county infirmary directors and have control of the board of county commissioners.

ASSIGNEE TO TAKE CHARGE

Of the Affairs of the Buckeye Printing and Supply Company.

Attorney Frank Downing Is Chosen to Make a Settlement With the Creditors and the Plant Will Be Discontinued.

The result of the petition filed yesterday by Attorney Kent Hughes against the Buckeye Printing and Supply Co., in which a receiver was asked for, has been to force the defendant concern into making an assignment.

Application for the appointment of an assignee was made today for the benefit of the creditors, and Attorney Frank Downing was named. He immediately took charge and a report will be made later of the assets and liabilities. The former is now roughly estimated at \$18,000, but the li-

abilities are as yet an uncertain quantity.

Appraisers were appointed today to take stock of what the company has on hand, those selected being Emerson Price, Walt Parmenter and C. S. Wilcox.

Mr. Welty, who is president of the company, stated today that the plant would no doubt be closed permanently as soon as its affairs were settled up, but was not prepared to offer any explanation as to what was the primary cause of the failure.
